Volume 12, Number 28 — NEW SMYRNA, VOLUSIA COUNTY, FLORIDA, FRIDAY, DECEMBER 12, 1924 — $2.00 a Year

HANDLEY PLANS 18-HOLE COURSE

CITY SELLS TRACT OF 19 ACRES ON DIXIE HIGHWAY NORTH OF PRESENT LINKS FOR $5,000 CASH

Golf links of the New Smyrna Golf and Country club will be increased from nine holes to 18 holes at an early date as the result of action by the city commission Monday evening when a resolution was adopted selling to Robert Handley the tract of land adjoining the golf course on the north. The tract contains 19 acres and the city received $5 000 cash for the property.

Purchase of the land will enable Mr Handley to carry out an extensive plan of development of the property he owns surrounding the present golf course classed as one of the best in the state which was established by Mr Handley three years ago.

An attractive residential subdivision is planned by Mr Handley with an 18 hole golf course one of the principal features. Plans for the development have been under consideration for some time and they provide for a system of wide streets surrounding the golf links and other modern improvements.

Mr Handley was present at the meeting of the city commissioners Monday evening accompanied by a committee representing the New Smyrna Golf and Country club. C. H. Sams presented the proposition of Mr Handley to the commissioners and exhibited a blue print of the proposed improvements at the golf course. Civic organizations of the city have actively supported the efforts of the golf club to increase the membership, the club now having over 60 members. With the increased interest manifested in golf by citizens of the community Mr Handley believes the present nine hole course is inadequate to accommodate the players and he is ready to enlarge the links in connection with his development of a subdivision.

The matter of disposing of the 19 acre tract to Mr Handley had been under consideration by the city officials for some time and with various organizations favoring the transfer of the property to Mr Handley the commissioners believed it would be to the best interests of the city to sell the land at this time. The commissioners instructed the city attorney who was present to draft the necessary legal resolution which was immediately adopted by a unanimous vote. The resolution authorized the proper officials to execute a deed for the land to Mr Handley.

The city purchased the 19 acres about 20 years ago for $1 000. The tract originally contained several shell mounds from which it is estimated that the city removed $8 000 worth of shell for use on the streets. The land was advertised for sale during the past year the highest bid received being $2 600. The bids were rejected and no offer for the sale of the property was again considered until the proposition of Mr Handley to pay $5 000 cash was submitted. The land fronts on the river and is intersected by the Dixie highway.

Two Dredges at Work

Two dredges have been at work on the river front this week. The [illegible] Lytle avenue was moved to [illegible] Bliss at the new bridge approach [illegible] dredge operated by Lucas [illegible] in the river in front of the [illegible] store and a large amount of [illegible] is being pumped into the fill [illegible]. The Burke dredge which [illegible] at work on the east fill of [illegible] bridge was moved to the front of [illegible] Canal street the first of the week [illegible] the dredge is being used to [illegible] the channel between the city [illegible] and Gulf Refining dock and also [illegible] the two fills. This improvement will provide better docking facilities for small boats.

J. I. Bush is expected home [illegible] from a business trip to [illegible]. He made the trip in his car [illegible] Mr and Mrs T. E. Rush will return home with him. They have been in the vicinity of Donaldsonville attending a revival meeting for several weeks.

Bill Chalker expects to leave Saturday for Lake Wales where he has accepted a position in the bank there.

HARD SURFACE ON HIGHWAY SOON

P. J. LOONEY DISCUSSES PLANS OF HARD SURFACING OF DIXIE HIGHWAY NORTH AND SOUTH OF NEW SMYRNA

P. J. Looney project engineer of the state road department in charge of the improvements in progress north and south of New Smyrna on the Dixie highway was present at the meeting of the city commission Monday evening to discuss plans with the local officials in connection with the joining of the state road with the city paving on Orange street. Mr Looney stated that according to present plans of the contractor on the section north of the city work of laying rock would start about January 1. The hard surfacing will be started at the end of the present concrete pavement on Orange street and the paving crews will work north from that point.

Original plans for the state road improvement on Orange street provided for joining the state paving with the present concrete pavement. The street paving plans approved by the city commission under the proposed bond issue provide for additional paving on Orange street and create a double driveway. With a change in the city paving at this point it will be necessary for the state road department to make a change in the original plans and widen the new roadway to provide a suitable connection with a double pavement at the end of Orange street. The city officials and Mr Looney agreed to cooperate in securing the adoption of satisfactory plans for the joining of the city and state pavements on Orange street.

Construction work on the Dixie highway north and south of New Smyrna is now progressing rapidly and it is understood that hauling of rock on the south section will be started in 30 to 60 days.

Tourist Club Resumes Meetings

The first meeting of the Tourist Club was held last Thursday afternoon. The time was spent organizing and making plans for the year.

As yet not many members have arrived. Mrs Maurice Brundage and Mrs S. R. Ingersoll were appointed to serve refreshments at the next meeting. Those attending were Mesdames Smithwick, Griggs, Way, [illegible], Smeets, Thomas, Ingersoll, Brundage, Dodge, Parker, Goodwin and Miss Pauline Clark.

Mrs A. M. Yarbrough and Valerie spent Saturday in *Jacksonville*.

Jan. 27 Children's Day at Volusia County Fair

DeLand Fla Dec 5 1924

To the citizens of Volusia county:

As an educational feature a county fair has a distinct place in the progress of a community. The exhibition of school work and its comparison acts as a stimulus to the public as well as to the schools. Many patrons do not realize the character of work being done in their own school. Teachers and pupils derive new ideas and benefit from the exhibits of others. The exhibition of school work alone would justify a county fair however it is but one of the many items of interest that will be shown during our county exhibition.

The fair association has set aside Tuesday January 27 as children's day. Upon this day all school children will be admitted free of charge. A supply of tickets will be sent to each teacher who will endorse them and each pupil may have one for the asking. High class free attractions have been provided for this day which will be especially interesting to the children.

When you come to the fair you are assured of a big time, days full of interest and a revelation of what is being done in Volusia county.

Yours very truly,
GEO. W. MARKS
County Supt.

Mrs C. W. Sprague and two sisters Miss Anna and Miss Alice Ray arrived Sunday from their home in West Stockbridge Mass and will spend the winter in their home here.

Mayor P. L. Gaddis who is now located in St. Augustine was a visitor in town Monday and Tuesday.

HAULING REDSHELL MENACE TO BEACH

FINE REDSHELL DEPOSITS MOST DESIRABLE BUILDING MATERIAL, BUT REMOVAL PROHIBITED BY FEDERAL LAW

That the practice of hauling away the shell on the beach is a federal offense and parties so doing are liable to prosecution is outlined in a letter from the war department to C. M. Rogers under date of Dec 5 1924.

Recently the wholesale removal of this shell which is being done by numbers of parties has become a menace to the whole of the beach scattering and strewing it from what is known as red shell banks to the approach at Coronado Beach and the fact that this shell is of such body as to remain loose wherever it falls creates a soft and treacherous beach as a whole.

Coronado Beach from the inlet to the new subdivision New Smyrna Beach and for many miles below has long been famed for its ideal motoring surface and the promiscuous scattering of this red shell along the whole of it as is inevitable in hauling it away bids fair to completely destroy the motoring surface of the beach according to Mr Rogers consulting engineer and it was this that caused the question of the legality of the matter to be brought up.

Gilbert A. Youngberg lieutenant colonel corps of engineers and district engineer of the United States engineer's office makes it plain in his letter to Mr Rogers that the removal of this shell is a violation of the federal law and that parties so doing are subject to prosecution therefor.

Branch Office to Accommodate Xmas Mailing

To help relieve the congested condition at the local postoffice during the rush of Christmas mailing Postmaster Hayes has arranged with the chamber of commerce for use of part of the chamber of commerce rooms as a branch postoffice for mailing packages. The branch office will be opened for about ten days preceding Christmas. Postmaster Hayes has been authorized to employ two additional clerks to handle the holiday mail and one of the clerks will be stationed at the chamber of commerce to receive packages for mailing and to sell stamps.

The public will be asked to use the branch office for mailing all packages and for purchase of stamps as this will be the only class of postoffice business carried on at the branch in the chamber of commerce rooms. It is planned to open the branch office on December 16.

As a further help to relieve crowded conditions at the postoffice many business houses have agreed to sell postage stamps.

Miss Riley Hostess to Social Club

Miss Lavinia Riley was hostess to the Friday afternoon social club at her home last week when a pleasant time was enjoyed. Refreshments of sandwiches and cocoa were served to Miss Lavinia Riley, Miss Ruth Riley, Mr A. E. Speight, Mrs W. W. White and Mrs Theodore Riley.

Change of Management of Local Restaurant

Messrs T. C. Powell and [illegible] Roman of Williamson W. Va have purchased the American restaurant located on Canal street and will conduct the business along similar lines as that which the establishment has been operated.

Both Mr Powell and Mr Roman are experienced hotel and restaurant men which augurs well for the business they have purchased.

They state they have selected New Smyrna after considering a number of towns in Florida and are elated over the prospects of both the town and the business they are going to operate here.

Former Resident Marries

Friends of Mrs Jeff Grant of St Augustine will be interested to learn of her marriage which occurred last Wednesday in Sanford at the M. E. church to Charles Arrundell of Lake Land. Mrs Arrundell resided here several years ago and recently visited Mrs Joe Usina here.

WHITE WAY SOON TO BE INSTALLED

STANDARDS AND EQUIPMENT SHIPPED. CANAL STREET TO BE MODERNLY LIGHTED. STREET SIGNS COMING

City Manager Ott announced at the meeting of the city commission Monday evening that the new white way light standards for Canal street had been shipped to this city. The electric light standards will be installed along the north side of Canal street while brackets with fixtures of similar design will be used on the new poles along the south side of the street. The white way standards and brackets will be installed as quickly as possible after the material is received and the work will be done by the employes of the electric light department under the direction of Mr Ott. The cable which will connect the standards has been placed underground at the edge of the curb. City officials have been informed by the telephone company that all unnecessary poles along the south side of Canal street will be removed at an early date.

Mr Ott also announced that the street signs recently ordered erected by the city commission had been shipped from the factory.

Again Elected Director

At the meeting of members of the Florida Development board held in Haines City last Thursday Dr Davis Forster president of the New Smyrna Chamber of Commerce was again elected a director of the state organization.

To Circulate Petitions for Bond Election

Copies of the petition calling for a bond election for the purpose of securing additional school buildings have been received from the attorneys for the school board and will be circulated during the first of next week. Members of the senior class of the high school have volunteered to circulate these petitions and will call on the qualified voters of the district to secure their signatures. In order to call the election it will be necessary to have the petitions signed by at least 25 per cent of the qualified electors who are property holders.

These petitions call for an election to determine whether or not bonds to the amount of $200 000 shall be issued for the purpose of building a junior senior high school building, paying the remaining amount due on the new school blocks in Rio Vista and a debt incurred in building and equipping the annex to the present school plant and providing more adequate accommodations for the negro school children.

It is estimated that this amount of money will provide a large enough building to care for the school children for about five years. Unless the bond issue is carried it is hard to say just how the school children will be cared for in the immediate future.

While the petitions are being circulated now it is not planned to have the election before the election on the street paving program.

P. D. Bird Dies Suddenly in St. Augustine Hospital

P. D. Bird local freight agent for the F. E. C. railway died Wednesday night at St. Augustine in the F. E. C. hospital following an operation. Mr Bird was taken to the hospital [illegible] when his condition was pronounced serious. An operation being only a slight chance for recovery. Mrs Bird accompanied him there and their two small daughters were carried for on Wednesday and accompanied by their grandmother Mrs Carpenter of Tallahassee went to St. Augustine that afternoon. Mr Bird has been freight agent here for two months coming from Tallahassee where he held a like position with the Seaboard Air Line. Mr Bird was held in high esteem by all who knew him and he and his family made many friends here during their short stay who regret to learn of his death. The family resided in the Hopkins bungalow on Magnolia street opposite the Woman's club. It is likely the body will be taken to Tallahassee or their former home in Georgia.

COMMUNITY NEEDS HIGH CIVIC IDEALS

JAS. E. GHEEN DEVELOPMENT BOARD ORGANIZER, MADE FORCEFUL ADDRESS AT C. OF C. DINNER TUESDAY

James E. Gheen organization service manager of the Florida Development board gave an inspirational address at the monthly dinner meeting of the New Smyrna Chamber of Commerce Tuesday evening. Mr Gheen made the finest impression of any speaker who has ever addressed the local civic organization, his talk overflowing with wit and humor and philosophy.

Sixty were present at the dinner which was served in the clubhouse of the Woman's club under the direction of the social committee of the club. The dinner was unusually fine which with the good fellowship manifested and the inspiring address made the event one of great pleasure and enjoyment for the members of the chamber of commerce and their guests.

Mr Gheen is one of the leading civic organization workers of the nation. He has been connected with chambers of commerce as secretary in some of the larger cities. For several years he has been engaged in chamber of commerce organization work throughout the country and during this time has appeared before over four hundred different organizations.

Civic ideals which promote the betterment and growth of cities and communities were stressed by Mr Gheen who declared that the prosperity of the individual was dependent upon the prosperity of the community. Optimists and men of vision are needed to build cities and pessimists and conservatists must be overridden said Mr Gheen.

Mr Gheen said that chambers of commerce had rightly become necessary and established institutions for the advancement of various communities saying that no city could achieve substantial growth or become an ideal community without an active civic organization composed of members who were willing to sacrifice time and money and devote their energies to the upbuilding of their town.

Mr Gheen came to New Smyrna from Arcadia on the West Coast where he addressed the chamber of commerce Monday evening. He went from here to Titusville where he will take part in a chamber of commerce membership drive the balance of the week.

Woman's Club Literary Program Monday, Dec. 15

There will be a special program put on at the Woman's club Monday December 15 at 3 o'clock. The subject will be Contemporary Novelists. Six high school girls will read selections from novels and a prize from the jewelry store of J. Tom Smith will be given to whoever can name the authors of these selections. Every one is invited to try for the prize. Non members of the club will pay the usual fee of 25c. The program to be given is as follows:

Introduction outline of English and American Novelists: Mrs Fred Lane Mathes

H. G. Wells—Miss Buttleson

John Galsworthy—Mrs R. L. Coulding

John Conrad and Kipling—Mrs Haywood Paxton

Edith Wharton—Mrs H. I. Rood

Bernard Shaw and Gilbert Chesterton—Mrs J. C. Munden

Booth Tarkington—Mrs H. U. Bennet

Jean Stratton Porter—Mrs T. L. Burr

Jack London, Peter Kyne, Clark McAdams, Zane Grey—Mr Beardsley

Wm J. Locke, Winston Churchill and Basil King—Mrs Chas Battle

Bok the Critics—Mrs Wm Berger

At a recent meeting of the ladies of the Catholic church final plans were made for a bazaar and cooked food sale to be held Saturday Dec 13 beginning at 10 a. m. in the lobby of the Palace theater.

Col Rawls returned to his home in Donaldsonville Ga Sunday after a visit to his niece Mrs M. A. Guest.

RAILWAY Y. M. C. A. SUGGESTED HERE

H. O. WILLIAMS FORMER INTERNATIONAL SECRETARY, TELLS OF BENEFITS AT EXCHANGE CLUB LUNCHEON

Establishment of a railway Y. M. C. A. in New Smyrna was urged in a talk made by H. O. Williams a past international secretary of this organization to members of the Exchange club at their weekly luncheon Tuesday.

Mr Williams is one of the prominent organizers of the Young Men's Christian Association of the country having established practically all of the railway Y. M. C. A. branches in the south. He formed the railway Y. M. C. A. at St. Augustine 15 years ago and is in the state now assisting State Secretary Reynolds in some special work.

Mr Williams first visited New Smyrna 12 years ago and in his talk he referred to the growth and changes in the city since that time. He briefly told of the many benefits derived by trainmen from a railway Y. M. C. A. which maintained a building equipped with modern conveniences for the comfort and entertainment of the members.

With the growth of New Smyrna as a division and terminal point on the Florida East Coast railroad Mr Williams said that he believed officials of the railroad company would be interested in the organization of a railway Y. M. C. A. in this city. The suggestions made by Mr Williams will be given consideration by the county Y. M. C. A. organization.

Other guests of the Exchange club Tuesday were J. P. Jackson of Daytona, retired Y. M. C. A. secretary who spent over 30 years in the work in large southern cities; H. H. Harper who is connected with the Y. M. C. A. organization at Daytona and Mr Bunker of Deland county Y. M. C. A. secretary.

The luncheon of the club Tuesday was served at the Ocean House where the members will hold their weekly meetings for the present.

Mrs Charles G. Evans Passes Away

Mrs Charles G. Evans died Friday night at her home at 11 10 o'clock after a few hours illness resulting from a stroke of apoplexy. Mrs Evans was born in Harrison Ontario Canada and was 69 years of age. Her death came as a great shock to her relatives and friends. During the evening of her death she had attended a lecture of her religious belief and was entertaining in her home the speaker who had delivered it. While in conversation she suffered the stroke and never regained consciousness. Mr and Mrs Evans came here four years ago from Lake Worth and were residing in the Mission City district west of town. She leaves to mourn her a husband and two children together with a large circle of friends. The daughter Mrs J. R. Matthews resides here and the son C. Howard Evans resides in Lake Worth.

Joint funerals of the Guest baby and Mrs Evans were held from the Woman's club Saturday at 2 o'clock. [illegible] was conducted by V. C. Rice of the New York branch of the International Bible Students Association, of which both families are members. Appropriate music was furnished by Rev. B. D. [illegible] who sang a solo. Interment was made in the Edgewater cemetery.

Death of Guest Infant

Charlie Edward Guest the two year old son of Mr and Mrs M. A. Guest died Friday morning at the home of his parents on the west side of town. The child had not been feeling well but appeared to be seriously ill for only a short time before its death. The sorrowing parents have the sincere sympathy of all in their sudden bereavement.

Celebrates Birthday

Jewell Mason entertained a few friends at the home of her mother Mrs W. G. Griffin on Monday afternoon celebrating her 12th birthday. A peanut hunt and games were enjoyed by the little folks after which refreshments of punch and cakes were served. Those attending were Vivian Silvers, Miriam Jacobs, Vash Robinson, Eva and Teensie Johnson, Evelyn Roberts, Marvin Little, Alfred Fulton and Louis Furen, Bettie Ogle, Sarah Lee Weeks and Bill Ogle.

Congregational Church News

Everyone will be glad to know that our minister's wife Mrs W H Pound is convalescing after her recent illness

Dr W H Pound Mrs E E Ireland and daughter Miss Elizabeth with Mr and Mrs W H Berger motored to Pomona Wednesday for the two day conference of the East Coast Congregational churches Dr Pound delivered a most eloquent address Thursday on The Church in This Age

At the regular weekly meeting of the pastor's cabinet Monday evening the five trustees of the church were authorized to make the necessary repairs and improvements on the church edifice at once Plans were made for a Christmas communion service December 21 when a number are expected to unite with this church

The teachers and officers of this Sunday school are meeting every Friday evening to discuss the next Sunday's lesson and other matters pertaining to this growing organization The meeting which was held [illegible] at the home of Dr L A Robinson [illegible] After the [illegible] Mr Robinson served dainty refreshments and had planned [illegible] contest which was thoroughly enjoyed and added much to the evening's pleasure Mrs Jas Hayne has invited this organization to meet with her this Friday December 12 at 7 30 p m

The woman's auxiliary meeting was postponed from this last Monday to Monday December 22 at 3 o'clock in the parsonage Every woman who is interested in the welfare of this church should be there as it is a very important meeting Election of officers will be held and plans made for the coming year

Mrs H C Phillips has served as president of this organization for the past year and under her efficient leadership this has proved one of the most successful the women have ever had

Last Sunday proved a splendid one for this church The Sunday school attendance was the largest since last January There were 20 in Dr Pound's Bible class

Mrs Isabel Gillette sister of the late Mrs Rose Teals has accepted an invitation to direct the choir and no doubt will prove most efficient as she has had much experience in this work Mrs Gillette possesses a wonderful soprano voice which was so beautifully displayed in her solo work at services last Sunday

'When the Chimes Rang' a beautiful Christmas pantomime is being arranged by the Sunday school under the direction of Mesdames Chilton Pooser and Rowley It will be given in the church Wednesday Christmas eve at 7 30 o'clock and promises to be equally as beautiful as last year's entertainment which was so favorably received

Baptist Notes

The state Baptist convention is in session at Lakeland this week Our pastor and his wife are attending

This is one of the greatest and most prosperous years in the history of the church and the coming year we are planning greater undertakings

The budget team workers have been busy raising the required amount to care for local and foreign missionary work pastor's salary and sundry needs Every member is expected to be a liberal contributor thus taking care of the future

The W M U met last Tuesday in the church A splendid program from the Royal Service was given, with Mrs MacAulay as leader The union will not meet again until the new year The following officers will be in charge for the new year Mrs Arthur Mears president Mrs Dwight Sheldon, vice president Mrs J F Morris secretary and treasurer The leaders for the three circles will be elected at the first meeting held in the new year The union has enjoyed a very profitable year and also a very successful year in literary work Several books have been studied and examinations given

The annual bazaar was held in the Ladies' Shop and $116 was realized from the fancy work and food sales The union thanks Mrs Huston for her kindness in giving space and her assistance in selling the articles

Next Sunday's sermons Morning Spiritual Health evening Watch

The program committee is asking that each one who is taking part in the Christmas entertainment meet at the church at 9 30 Sunday morning We urge you to be prompt

Fraternal and Christian Greetings

In the good providence of God I have been reappointed to this most beautiful little city for another year as the pastor of the Southern Methodist church With gratitude in my heart to the Holy Deity and love for the very fine citizens of New Smyrna who have made possible our splendid degree of prosperity during the past two years I accept the appointment given me fully expecting greater achievements in the future than we have enjoyed in the past While I serve specifically the membership of my own particular denomination and will try to not trespass on the territory of my other pastors yet I do desire to be a friend and a Christian brother to all men in all walks and spheres of life I want to be a friend to the sinner and the saint regardless of their denominational preferences And I very cordially invite all who will to attend my church on the corner of Douglass and Palmetto streets

I am a fraternity man believing that there is some real merit in all of our lodges and secret orders and recognizing the fact that the church of Almighty God has made possible all the splendid achievements of all these good orders They are not found in heathen lands They only exist where the Bible has been circulated, where the gospel has been preached and the church has been planted Therefore I most cordially invite all fraternity men to worship in my church as frequently as possible Their presence inspires my heart as I press the battle for the good of humanity

Thanking my friends and loyal parishioners for their co operation in the past and pledging my love and service to them for another year I am fraternally

T L Z BARR Pastor

First M E Church

There was an unusually large attendance at both the Sunday school and the morning service last Sunday and we heard a fine sermon by our pastor that gave us all much food for thought

Don't forget the cafeteria supper to be served at the church next Tuesday evening at 6 o'clock

Menu Creamed chicken with hot biscuit baked ham mashed potatoes baked beans apple and nut salad cabbage salad rolls pie cake and coffee

Ourselves and Others is the title of the playlette to be given by the scholars of the intermediate department of the Sunday school Tuesday December 23 at 7 30 o'clock

The [illegible] of the First M E church will [illegible] cafeteria [illegible] at the church on Faulkner street at 12 o'clock noon [illegible] on [illegible] the day of next week

Report of Temperance and Social Service Committee Florida Annual Conference

We call attention to the fact that our church has a social creed—paragraph [illegible] on page 2[illegible] of the discipline and we urge our preachers to acquaint our people with the same

Second We call attention to the work being done by the committee on temperance and social service of our church and the finding of the Jural [illegible] meeting and we heartily endorse the same

Third We rejoice at the fine work being done in social service by our Woman's Missionary society and other organizations and we urge our young people to make a careful study of this field and strengthen their programs for the relief of those in want realizing that this subject was close to the heart of the Christ remembering his words when he said In as much as ye did it unto one of the least of these ye did it unto Me

Fourth We urge our legislature to pass the following law

Holy Bible to be read in the public schools That at least ten verses from the Holy Bible shall be read or caused to be read without comment at the opening of each and every public school upon each and every school day by the teacher in charge, provided that where any teacher has other teachers under and subject to direction then the teacher exercising this authority shall read the Holy Bible or cause it to be read as herein directed That if any school teacher whose duty it shall be to read the Holy Bible or cause it to be read as directed in this act shall fail or omit so to do said school teacher upon charges preferred for such failure or omission and proof of the same before the governing borad of the school be discharged

We note here the determined effort to legalize prize fighting race track and other forms of gambling We strongly condemn this effort and urge that existing laws be enforced

We endorse the child welfare work of the state and especially the children's code commission

Seventh We consider the corrupt motion picture as the most fruitful source of immorality and crime in our land today many of the pictures are not only evil but obscene They are blasting at the foundation of the social order of the church and the home

Eighth We favor the outlawing of war War is now the legal and organized methods of settling differences between nations and has its rules and code We wish to substitute for the code of war some code of laws we care not by what name the code may be called Blessing upon any one who in any way can help to launch these open and bleeding world wounds of war

Ninth We endorse the old [illegible] standards of our fathers realizing there can be no manner without [illegible]

Tenth With pleasure we reaffirm our faith in the work of the W C T U and give that organization our hearty endorsement

Eleventh We commend the campaign for safety of human life condemning the lawless [illegible] and the careless man as a criminal

Twelfth We rejoice in the accomplishments of the Anti Saloon League under the leadership of Dr C W Crooke superintendent and heartily endorse the thorough going law enforcement program of the Anti Saloon League for the coming year and the educational and total abstinence campaign during the first ten days of January 1925 and closing with the fifth anniversary rally on Anti Saloon League day on January 11 commemorating the adoption of the 18th amendment and we urge our presiding elders pastors superintendents and people to assist the Anti Saloon League by every available method in putting over this law enforcement and total abstinence program We recommend C W Crooke for reappointment

Last resolved that we condemn and protest against individuals in positions of high trust and honor who use intoxicating liquors and in any case lend their influence to the violation of the prohibition laws and we memorialize the legislature to pass a law making it obligatory upon the governor to suspend any judge prosecuting attorney or sheriff who is known to become intoxicated

Recognizing the goodness of God in directing the work in this work and thanking Him for the progress made we submit this report

(Signed) REV W A MYERS
Chairman
REV E WAFT SMITH
Secretary
All members of the Board

These resolutions were heartily and unanimously endorsed by the Florida annual conference in Jacksonville Florida Dec 8 1924 This conference represents more than 60 000 Southern Methodists filling prominent places from Apalachicola to Jacksonville bordering the Georgia line and covering the entire state southward to Key West

Age No Bar

Everybody in New Smyrna Is Eligible

Old people stooped with suffering
Middle age courageously fighting
Youth protesting impatiently
Children unable to explain
All in misery from their kidneys
Perhaps a little backache at first
Urinary disorder dropsy may quickly follow

Doan's Pills are for weak kidneys
Are endorsed by thousands
Here's New Smyrna testimony

Mrs W T [illegible] Palmetto St says When I was [illegible] of thirteen the muscles of my kidneys [illegible] hope and I [illegible] I got where I could hardly [illegible] I couldn't stoop to pick up anything on account of such awful pain in the small of my back Nights I got little sleep I was so nervous I could fly to pieces and I tired easily and had no ambition whatever I used Doan's Pills and they relieved the backache right away Several boxes of Doan's cured me entirely of the trouble and I felt like a different woman

Baby Nervous and Fretful?

A nervous and fretful child is a sore trial to the tired mother who often is at a loss to discover the cause of the little one's distress But babies have nerves just like grown ups and can only express their feelings by crying In such cases a dose or two of Teethina will usually soothe the fretting child

Mrs [illegible] of [illegible] writes [illegible] four little ones and [illegible] all of them When baby is fretful and nervous I give her a dose and she is soon laughing and playing

Teethina contains no opiates or other narcotics and can be safely given to the youngest child

Teethina is sold by all druggists or send 30c to Moffett Laboratories, Columbus Ga. for package and

FORD DEALER ANNOUNCES CUT IN FORD PRICE

Henry Ford is doing the unusual again

This time he is building the largest and most powerful electric locomotive in the world which when completed will be used on the Detroit and Ironton railway the latest addition to his railway interests and operating in conjunction with the Detroit Toledo and Ironton railroad

This super engine which is now under construction in the power house at the Highland Park plant of the Ford Motor company presents a most important development in the electrification of steam railroads and at the same time a radical departure in locomotive construction

As might be expected Mr Ford has not been restricted by past practice or tendencies in the choice of electrical system and type of motive power unit for the railroad

Novel Design

The locomotive is not only novel in electrical design but embodies many new and important ideas in mechanical design In size it will be prodigious It will weigh 340 tons will be 117 feet long fifteen feet high and ten feet wide What is more interesting still it will have sixteen *200 horsepower motors* connected to sixteen pairs of driving wheels and will be capable of hauling a train of 150 or more loaded box cars

The engine will not be built for speed the purpose being to use it for freight service exclusively Its running speed will be 17 miles an hour and its maximum speed 25 miles an hour

One of the unique features of this great electric motive unit is that it carries its own converter station This eliminates establishment of sub stations along the route a practice at present general in railroad electrification

Through regenerative braking system the Ford locomotive will have the ability to develop electric energy at any speed from the maximum to practically a standstill

Built By Ford

The mechanical parts of the new locomotive are being designed and built by the Ford Motor company while the electrical equipment is being built by the Westinghouse Electric and Manufacturing company under Ford supervision and according to Ford specifications

Another feature of importance is that the trolley voltage adopted for the Detroit & Ironton railroad electrification is 22 000 volts 25 cycles alternating current a trolley voltage twice as high as any previously used in this country

Price Cut

Hand in hand with the announcement of the new electric locomotive comes the announcement of a cut in price of the Ford automobile There is a cut of $25 in the price of the Fordor sedan one of the most popular of the Ford enclosed cars The new prices became effective on Tuesday, December 2

The price reductions come at a time when the car is enjoying the greatest sales in its history for retail deliveries of Ford cars have so far this year far exceeded the same period in any previous year Contributing to bringing about lower prices are production advancements during the year in which it has been possible to bring about many improvements and at the same time effect numerous manufacturing economies by the opening up of new resources under company control, the announcement says

The Library Pest.

You get a book out of the library and notice that some other reader has improved on the author by under scoring the printed text or pencilled notes in the margin Occasionally these show intense interest and deep thought But librarians say most of the improvements are changes in punctuation Some folks are so busy looking for other people's mistakes that they have no time [illegible] for their own

HALIFAX COUNTRY BOOTH WINS BLUE RIBBON AT FAIR

Plans Are Being Made for Representation at Other Fairs in State

The Halifax Country booth won the blue ribbon at the Jacksonville state fair Dr G M Randall stated in his report to the Seabreeze Daytona Beach association The results achieved at the fair were very favorable

In his meeting with the members of the association Dr Randall discussed the advisability of having similar representation at the fairs in Tampa DeLand and Orlando Especially important would be representation in the southern exposition to be held at the Grand Central Palace in New York city in February

Because of the amount of publicity to be secured at the different fairs Franklin N Wood made a motion seconded by Roy Gridley to the effect that Dr Randall should continue in his work and endeavor to interest developers and others in his plans for representation at the forthcoming fairs which will be held in mid winter when tourists by the thousands are in the state At that time beside the additional amount of people to view the fair the fruits garden and other produce will be in a shape for display

Men of Millions Kept Their Wealth a Secret

To the ordinary man it would appear that the millionaire must necessarily be a conspicuous figure But the case of the late J T Mills of Leighton Buzzard Bedfordshire whose will revealed the fact that he owned more than twenty million dollars shows once more that the eight figure man may be quite unknown to the public

Who for instance suspected that Maurice Marcus a lonely shabbily dressed bachelor who could be seen on fine days working with his gardener in the grounds of his house at Redhill Surrey and on dull or wet days spent his time indoors making the mats on which his specimens of rare china were displayed possessed more than fifteen million dollars asks a writer in the London Mail For after making a fortune in the diamond trade in South Africa in the 80s and increasing it as a stock broker he had ceased for some years to figure in the city and by the time of his death last year had been practically forgotten

The bachelor millionaire seems to find it easy to keep his secret There was for instance Alexander F This[illegible] lord of the manor of South[illegible] and Porchester who left $7 000 000 in 1915 Little was seen of him outside his estate near Fareham except when he drove every night into the village to get a newspaper

The biggest surprise the city of London has had [illegible] by another bachelor Charles Morrison a hither[illegible] dasher of Coleman street He left more than fifty million dollars—the biggest fortune of which any one in Great Britain has had absolute disposal

A bachelor also was Lord Clanricarde who died in 1916 disposing in a 200-word will of more than ten million dollars the bulk of which went to his great nephew Lord Lascelles The ordinary man who saw him sitting on a bench in Hyde park as was his custom would never have imagined that he was a millionaire peer for he was supremely indifferent to dress

Religious Census of University of Florida

Gainesville —In the census recently taken at the University of Florida for the purpose of ascertaining the number of each religious denomination represented in the student body at the university the statistics showed that the Methodists have the lead

There are 327 Methodists in attendance at the institution with 91 professing a preference for that faith

Following the Methodist in numbers come the Baptists with 253 members and 93 others preferring membership in that church

Other denominations or religions represented in the enrollment are Presbyterians 181 preference 39 Episcopal 134, preference 28, no church 64 preference six Protestant, Catholic 44 preference 4, Christian church 36 preference 6, Congregational 32 preference 8 Jewish 27 Lutheran 8 Church of Christ 6 preference 2 Unitarian 1 preference 4 Christian Science 2 preference 2 Greek Orthodox 1 preference 1, German Evangelical Greek Eastern Brethren University Salvation Army (preference) Seventh Day Adventist Saints Day one each

Jud Tunkins

Jud Tunkins says some people never have any idea of pulling together unless the proposition is some kind of a [illegible]

Winter in Florida is not what it is north of us with the discomforts of snow frozen streams and the like but is often cool enough to have a fire in the stove or grate Near there never keep kerosene or gasoline It is easy to start a fire Keep a tomato can or something similar half full of oil and stuck full of corn cobs, and keep the can in some secure place One of these soaked cobs will start any kind of fire Newspapers or other papers rolled hard to prevent unrolling will serve as kindling

Never keep ashes in wooden receptacles nor pile them against wooden boxes barrels, or partitions, either inside the cellar or outside the house Do not allow combustible rubbish to accumulate in or about the house, do not burn quantities of paper, excelsior shavings or other rubbish in a fireplace or in the firebox of a stove or furnace The ashes clog the flue passages and the long flames are likely to overheat flues or to start soot fires Burn such materials in the ash box beneath the firebox, it does no harm there

Mrs M W Ashton and children and Miss Lavinia Riley motored to Daytona Tuesday

Miss Jacqueline Snyder who attends New Smyrna high school is again popular captain of the basket ball team and led her team to victory last week when they played Cocoa in New Smyrna which was the first game of the season

Miss Ophelia Cole home demonstration agent, was in Oak Hill Tuesday This was the first meeting of the club since school opened and the children took a great deal of interest in the work

Mrs Coleman Williams teacher of the third and fourth grades held a fair as an educational feature in her room last Friday afternoon which was largely attended by patrons and others interested in school work The exhibit was a very creditable one and there were a number of blue ribbons displayd after the judges made their decision

Edgewater

Social Season Opens in Edgewater

On Friday evening a most enjoyable conversazione under the auspices of the Woman's Club inaugurated the opening of the social season of Edgewater

To the assembled guests numbering one hundred and fifty Mrs Roy Mathewson president introduced the mayor of the new municipality Mr Henry Mitchell who explained to visitors and residents who had been absent during the summer months the reason for incorporation of the town and change of name His speech was a clarion call to civic patriotism a definite outlining of a purpose to make this the youngest of Florida's municipalities the cleanest the happiest the prettiest of all

Those contributing to the musical program that followed were Mrs A H Phillips and son Albert piano forte and violin duets Mr Frank Carr old time Irish songs accompanied by Miss Mabel DeLasser Mrs Ann Turner humorous recitations Mrs Geo L Mendell recitation Mr Chapman installed a radio loud speaker and succeeded in picking up a fine program

To the ladies who decorated the hall with palms festoons of moss and poinsettias the compliments of all present were given without stint

Refreshments were served al fresco and it was the consensus of opinion that the evening's entertainment augured well for the success of the forthcoming season

Quite number of winter visitors are already located and it looks like a busy [illegible] on the [illegible]

Mrs L [illegible] Pratt of Chester Conn Mrs Edith Jackson Mr Joyce Sholtz and Mrs Florence McGunn of Cleveland Ohio are at the Knapp apartment on the Strand

The regular fortnightly meetings commence next Friday with Mrs Mathewson and Mrs Marshall as hostesses

FOUND HEALTH IN JESTING AT DEATH

Lusty "Youngster" of 89 Recommends Adventure.

"Never say die Back in 1861 when I wanted to enlist in the Confederate army they told me I'd die in a few months I gritted my teeth pulled myself out of my rut and here I am hale and hearty at eighty nine

"I was a rabid Confederate in those days he grinned From camp to camp I wandered begging them to let me enlist I was a cussed looking specimen of humanity twenty six years old weighing less than 110 pounds

Every doctor who examined me threw up his hands and predicted that I'd die within a month They always handed me my hat and told me to get out of camp before I fell to pieces

I was the most down hearted chap in the world I didn't care for anything Life was all shadows Said I to myself one day 'Look a here young fellow you are a fool Don't let those fellows tell you you're going to die Fool em And I did

How did I do it? Well I was in an awful rut I lived in Fairville N D, and life was very dull I decided I wasn't so sick as I was lacking in initiative

So I set out to seek adventure. I sailed for the British West Indies It was during the Civil war and we had to run the blockade. It was great fun. It gave me a taste of adventure so I did it over again

It was then I decided it was adventure I craved I wasn't so sick physically as I was starved in spirit So I settled down in the West Indies looking for more excitement

It was strange how I picked up In a short time I was weighing 180 pounds I had been a light eater but my meals began to agree with me

Then I was struck down with yellow fever Here was another blow I guess I would have passed out if I hadn't cultivated a sense of humor and a willingness to fight

"As soon as I got over my illness I pulled up for England running the blockade again Later when I came back to America I struck out for the Indian territory and played around with the Choctaw Indians when the West was really wild and woolly

So here I am eighty nine still enjoying life —Philadelphia Bulletin

Fly Away, Birdie

An Indianapolis school teacher decided to take one of her women friends to the theater As she was anxious to have good places she requested two end seats when she went to the box office to make her purchases The request was taken literally and each seat was on the aisle one in front of the other When the two women found that they were seated in such an unsatisfactory fashion the teacher began to wonder whether some way out of the difficulty could not be found Sitting next to her was a man Beyond him was a woman and some children but as the man said nothing to the others she decided that they were not together He being alone doubtless would be willing to exchange his seat for the one directly behind the teacher then the latter and her friend could sit side by side The teacher inclined her head slightly and whispered to the man who was her neighbor

Pardon me she said prefacing her request but are you alone?

Fly away birdie the man responded the whole family's with me — Indianapolis News

Dead Sure

Mayor Hylan said at a dinner in New York

An Irishman can make a bull or two in a short speech but there was a Cal[illegible] squire once who slammed a dead squirrel down on the [illegible] hung his gun in the rack took a swig of [illegible] whole [illegible] of bulls

"The first and last bird I shot the day was this here squirrel and the first [illegible] I [illegible] him [illegible] [illegible] him [illegible] that I [illegible] and dropped him from the tree and he fell in the water and was drowned and that's the first and last bird I shot the day

Quake Wrecked Phones

Sixteen telephone offices were destroyed by the recent Japanese earthquake according to a dispatch from E H Condict vice president of the International Western Electric company who was in Japan during the disaster

WORLD DOMINION BEING TRANSFERRED

Feverish Changes of Government Forecast a New Order

The lecture given Thursday evening at the Woman's club by V C Rice on "World Dominion Being Transferred" was well attended and the speaker was given good attention as he unfolded a brief history of the world showing the causes of the present distress upon the nations. The speaker said in part

The world war came as a shock because it was thought humanity was so far advanced that war was practically outlawed through the preaching of the gospel But that the world was far from that heart condition which is conducive to peace may be readily seen by the selfishness manifested during and since the war in the graft and profiteering which has stirred the world and caused it to quake

The Scriptures describe our day saying, "Upon the earth distress of nations, with perplexity, the sea and the waves roaring men's hearts failing them for fear and for looking after those things which are coming on the earth, for the powers of heaven shall be shaken " (Luke 21 25, 26) The powers of heaven mean the spiritual ruling powers of ecclesiasticism Thus it forecasts a commotion in the religious world This we see has already developed among those called Modernists and Fundamentalists This controversy is only getting started and all will do well to acquaint themselves with the facts on both sides

The prophet Isaiah (24 20 21) says "The earth shall reel to and fro like a drunkard, and shall be removed like a cottage, and the transgression thereof shall be heavy upon it, and it shall fall and not rise again And it shall come to pass in that day, that the Lord shall punish the host of the high ones that are on high and the kings of the earth upon the earth " The earth here means the people of the present social order, and they are bewildered and confused because no one seems to know how to lead the way out The punishment coming to the high ones and to the kings means that they shall be rendered powerless, and when this is recognized they will be "as prisoners" as the context suggests

The Psalmist (107 26, 27) gives his verdict "Their soul is melted because of trouble They reel to and fro and stagger like a drunken man and are at their wits end " And verses 28 30 show that God will bring the world out of its trouble and bring peace and quietness and make the world of mankind glad

Why is this great change taking place? Satan has long had a heavy hand over mankind causing slavery, ignorance superstition and selfishness to hold it in order that humanity should not have the freedom intelligence wisdom and love that God predetermined that it should have Satan's rulership has been a usurped one out of harmony with the character of God but permitted by Him until another feature of His plan should mature The time of liberation has come and therefore the trouble in the world is the natural consequence

The first dominion of earth was given to Adam over 6 000 years ago (Hebrews 2 6, 7) He disobeyed and lost all Misery and woe war and bloodshed sickness and death have pursued the race with a relentless vengeance from that day to this—so long in fact that many erroneously conclude that these must follow mankind until all go into the tomb

God chose the children of Abraham to be His representative people in the earth until the "seed of promise" should come The seed Paul explains is Christ and his church glorified Kings were chosen in Israel from the tribe of Judah Most of the kings were bad kings and when the nation of Israel got apparently beyond reformation God removed their king and declared that the kingdom should remain overturned until he comes whose right it is and it would then be given to him The one referred to is unquestionably Jesus and His Church for Daniel (7 27) says "The kingdom and dominion and the greatness of the kingdom under the whole heaven shall be given to the people of the saints of the Most High

The prophetic word of God given blessing which Jacob pronounced over Judah was "The sceptre shall not depart from Judah nor a lawgiver from between his feet until Shiloh come and unto him shall the gathering of the people be" (Genesis 49 10) Sceptre means right to rule and though Zedekiah had been dethroned in 606 B C the right of rulership was not lost to the tribe of Judah and Jesus was declared to be the "Lion of the tribe of Judah" Shiloh has reference to the Prince of Peace which title belongs to Jesus at his second advent rather than at the first advent —Isaiah 9 6

When the dominion was lost in 606 B C there began to count the "times of the Gentiles" a clearly defined marked off period of 2 520 years, which reached to 1914 A D the very time when the world war began its devastation and the kingdoms of earth began to be overthrown When we understand that Jesus and those who reign with him in glory are spirit beings unseen by natural eyesight, it is not hard to comprehend how Jesus at that time could have assumed control over nations and is now dashing them to pieces as a potter's vessel

The expressions "Lion of the tribe of Judah " and "Tower of the flock" (Micah 4 8) imply that there are others with Jesus in the heavenly realm and signify that the first resurrection is in process of consummation (See Luke 12 32 and Revelation 20 6) May it not be then that the world unknowingly is passing over the threshold of the Messianic kingdom into the wonderful time when the earth shall yield her increase and become like Eden, and when the human family will get well of all sickness grow into the virility of youth and thence into mental moral and physical perfection and live forever —Jeremiah 33 6 Isaiah 35 21 26

The kingdom for which Christians have long prayed is at the door This means a kingdom of peace and happiness and life upon the earth Then the Lord shall make wars to cease unto the end of the earth Nation shall not lift up sword against nation neither shall they learn war any more The race shall then enter into its inheritance —Psalms 37 29, John 8 51

A Mountain of Salt

Nevada contains a mountain of salt, pure solid and transparent In the early days when the Mormons had to rely on their own resources they used [illegible] from the [illegible] for [illegible]

PUT YOUR SHOULDER TO THE WHEEL

Power Is Generated By Energy; Energy By the Will to DO!

Have you ever seen a heavy cart stuck fast in a rut of mud? The horse unable to move it another inch.

A dozen onlookers—some merely waiting to see what is going to happen—others giving advice and directions. But none of these will start the cart moving.

Then from the crowd step out three or four "DOERS." They put their shoulders to the wheel, lending both effort and example until others follow them. The thing begins to move—gains momentum as all things do when once out of a rut.

Are you an onlooker, or are you a "doer?" Weigh yourself honestly, and if you have been an onlooker in the past "put your shoulder to the wheel" of self. Get out of the rut, and start now building for the future of self and dependents.

WAR DEPARTMENT

UNITED STATES ENGINEER OFFICE

Fifth Floor, Masonic Temple

Jacksonville, Florida

December 5, 1924

Refer to File No Misc 188

Mr C M Rogers Consulting Engineer

Daytona, Florida

Dear Sir The receipt is acknowledged of your letter of Novem ber 26th relative to the removal of shell by certain outside parties from the beach in front of property which you state you have purchased

You are informed that if this shell is being removed below high water line along the beach a War Department permit should be secured by any party desiring to remove the same No such permit has been issued to any party for the removal of shell from the beach in this vicin ity, and therefore the removal of the shell of which you complain is a violation of the Federal laws

If you will submit information as to the names of the parties who are removing this shell a letter will be addressed to them ordering such removal to be stopped until the necessary permit has been secured Be fore such permit would be granted the applicant would have to show ownership to the property, or submit evidence that the owner of the property has given consent to such removal

If, after notice from this office to cease removing the shell such re moval is continued you will secure the necessary evidence to present to the courts proving the removal of the shell from in front of your prop erty without necessary War Department permit the matter will be placed in the hands of the United States Attorney for prosecution

Very truly yours

GILBERT A YOUNGBERG

Lt Col Corps of Engineers District Engineer

New Smyrna Splits Two Cage Contests with Cocoa Teams

The New Smyrna high school basketball teams won one game and lost one to Cocoa high here Friday night The New Smyrna girls defeated the Cocoa team 62 to 2 while the local boys lost to the visitors 13 to 10

The New Smyrna girls played one of the best exhibitions of the game ever witnessed on the local court Fine team work excellent guarding and superior coaching gave evidence of thorough practice The first half ended 30 to 0 in favor of New Smyrna In the third quarter Cocoa made one field goal, which gave that team its only score

Currie and Wright played together at center in fine style Capt Snyder and G Karrer guarded so closely that Cocoa got but few chances at the basket A Karrer pitched sixteen field goals and two fouls while her team mate Chalker, scored fourteen times from the field Prospects are good for a championship team

The boys have been organized but a short time on account of the football season However, they put up a good game outclassing the visitors but they were unable to hit the basket The score at the end of the first half was 5 to 3 in favor of Cocoa Cunningham and Webb showed up best for New Smyrna while Lindsey and Showalter looked best for Cocoa

A large and enthusiastic crowd was out to see the girls and boys perform The school management is pleased to see such interest in clean sports Rennick, the New Smyrna referee is one of the best officials in the state He believes in clean basketball He is the kind of official to have calling a foul when he sees it regardless as to who made it

Hastings high school girls and boys teams play the local teams on the New Smyrna court tonight, Dec 12

Florida enjoys a monopoly among American states in the growing of pineapples one of the most delicious of known fruits This choice fruit, botanically known as Ananas Sativus, is a member of the air plant family It is called an apple, yet it no more resembles the fruit under that name than grapefruit resembles the ordinary grape Three varieties grow in Florida They do best in the south half of the state The best varieties are produced in a fine poloous sandy soil Little cultivation is needed, except in proper use of fertilizers They are now being successfully cultivated under cover, like finer grades of tobacco The plant grows from two to four feet high and each individual plant produces a single very fragrant and palatable fruit which varies in size from four to ten inches in diameter It is a native of America and was formerly cultivated under glass in Europe, until steamshipping facilities made it impossible to compete with the out door growth of the countries this side of the Atlantic The state experiment station at Gainesville will supply residents of the state with bulletins on the subject of pineapple culture, free of charge on application

---

Okra or gumbo, is a vegetable well known in Florida and other states of the south and in many tropical countries It is related to the cotton plant The long oddly shaped tender pods are used to flavor soups and stews They may be sliced or cooked whole and served as other succulent vegetables Cooking should be done in porcelain lined vessels, as an iron or copper one will discolor the pods They can be dried and canned Care should be taken not to permit the pods to get too old They grow readily in any ordinary garden, and the plant forms a handsome and dense top Every farm and town garden should have a few plants Considerable quantities are shipped north from Florida

---

Alligators as a rule, hibernate during the winter and from May to October eat but one meal a week, so perhaps a fast of a year or so is not such a serious event in an alligator's life In fact an alligator seldom eats on a full stomach, and spends a week or so in digesting its meat, according to experts who have studied their habits One of the chief troubles of the alligator farmers is to get captured ones to eat when brought to the farms Many of them starve to death For many years Florida has been the chief source of alligator hides for which there are many uses and hunting them has largely reduced the supply At one time alligators were very numerous in this state The common impression is that alligators are dangerous but there is no authentic case of where one was ever known to attack and kill a human being

---

The Osage tribe of 1 300 members, is the richest bunch of people in the world to whom money has been handed in large sums On their reservation in Oklahoma are productive oil fields and since 1912 the leases and royalties have paid them over $130, 000 000 They are lavish spenders, wear diamonds and expensive jewelry and drive the largest makes of automobiles They have fine herds of thoroughbred cattle and horses, with many champion animals in both classes It is hoped that when the Everglade region is developed our Seminoles may realize something of they can be induced to put in truck patches and groves of fruit trees

---

Indians are reported in every state in the union The bureau of Indian affairs gives a total in 1920 of 340, 848 while the census gives 242,950 The census shortage is due to the fact that enumerators were so poorly paid that they would not travel long distances in the western states to get accurate returns Oklahoma contains the largest number Arizona second while New Mexico and South Dakota are nearly a tie as third North Carolina with 11 824 has the largest number of any state east of the Mississippi The census gives Florida a total of 618, while the Indian bureau reports 462 There are over 200 reservations and schools are maintained on most of them The Indian bureau has 5 500 employes

---

Naturalists declare that Florida once had a greater variety of fine birds than any other state That was before the plume hunters raided their haunts The existence of wild birds is justification in saying that domestic fowls attain as great a perfection as anywhere in the world in proof of which it is only necessary to visit and see the exhibits at the state and county fairs Thirteen of the 38 national bird reservations in the United States are in Florida These were established after the government had investigated the varieties of bird life in the different states The number of reservations in this state is an indication of the variety and abundance of our feathered friends Many rare birds are still found here, birds with beautiful plumage and during the winter many northern birds come to escape the cold

"Just Married" at the Victoria December 12

"Just Married" the comedy which has broken all farce comedy records in the history of the New York stage by running at the Comedy Shubert and Nora Bayes theaters New York for two solid years will reach the Victoria theater Friday, Dec 12 It is on its way to California and then on a tour around the world "Just Married" is by Adelaide Matthews and Anne Nichols, authors of "Serambled Wives," "Nightie Night" and "Abie's Irish Rose" "Just Married" tells the story of a group of people homeward bound for America on the French liner Lafayette As the ship is about to sail from Bordeaux the passenger list is increased by a young man somewhat the worse for a wedding dinner, or more accurately, the accompanying drinks By mistake he is assigned to share the stateroom of a pretty girl who is on board with her chaperone and fiance In order to accomplish the desired ending a young French woman is incorporated into the plot, and she appears in time to claim the fiance and release the two whose affections as well as reputations have been compromised No amount of description could do justice to the fun that this fast moving farce provides

The cast includes Sylvia De Fran kie Dorcathea Howard, Elizabeth Hathman, Emilie Montrose, Clara Mathews, Gwen Martin Fred James, Butler Hixon, Joseph Lawrence, Antone Archer, Davenport Jones, Chas Colley and Andrew Byrne

ORDINANCE NO. 141

AN ORDINANCE to Declare the Intention of the City Commission of the City of New Smyrna, Volusia County, Florida, to Change the Present Territorial Limits of the said City by the *Annexation of an Unincorporated* Tract of Land Containing Less Than Ten Registered Voters, and Lying Contiguous to the Present Territorial Limits of said City and Within the Same County, to wit, Volusia County, Said Territory to be Annexed at the Expiration of Thirty Days from the Approval of this Ordinance, and to Provide for the Publication of This Ordinance as is Required by Law

WHEREAS, the City of New Smyrna Volusia County, Florida, desires to change its territorial limits by the annexation of the hereinafter described unincorporated tract of land lying contiguous thereto and within the same County, and

WHEREAS, said tract of land will eventually represent the actual outgrowth of New Smyrna beyond its present territorial limits, and

WHEREAS, said tract of land is valuable by reason of its adaptability for city uses and

WHEREAS, the City Commission of the City of New Smyrna, Florida, deems it advisable, expedient and for the best interests of said City that the unincorporated tract of land hereinafter describde be annexed to said City, now, therefore,

BE IT ENACTED BY THE PEOPLE OF THE CITY OF NEW SMYRNA, FLORIDA

Section 1 That the City Commission of the City of New Smyrna, Florida, hereby declares its intention to annex all that territory located in Volusia County, Florida, and comprehended and included within the following limits and boundaries, that is to say Commencing at the intersection of the north and west corporate boundaries of the City of New Smyrna and running northerly along a prolongation of the west corporate line of the City of New Smyrna to the point of its intersection with the west line of the Ambrose Hull Grant, thence northerly along the west line of the Ambrose Hull Grant to the south line of the Pendsen Todd Grant, thence easterly along the south line of the Lind ex Todd Grant, and along this line prolonged to the point of its intersection with the center of the main channel of the Indian River North, thence southerly along the center of the channel of the Indian River North to the point of its intersection with the present easterly boundary of the corporate limits of the City of New Smyrna, thence northerly and along the present easterly corporate boundary of the City of New Smyrna to the northeast corner of the present corporate limits of the City of New Smyrna, thence westerly and along the present northern corporate boundary of the City of New Smyrna, to point of beginning, at the expiration of thirty days from the approval of this ordinance

Section 2 That this ordinance shall be published once a week for four consecutive weeks in the New Smyrna News, a newspaper of general circulation, published in the city of New Smyrna

Section 3 The requirement of reading this ordinance at two regular meetings not less than one week apart be and the same is hereby dispensed with by unanimous vote of the City Commission

Section 4 That all ordinances or parts of ordinances in conflict with the provisions of this ordinance be and the same are hereby repealed

Passed and approved as provided by law by the unanimous vote of the City Commission this 10th day of November, A D 1924, the vote of the Commission being as follows
